RANGES MAP & SAFETY GUIDELINES

Before you start shooting,
please familiarise yourself
with these range regulations.

SHOOTING AT THE NRA BISLEY

Please sign in at the Range Office when you arrive.

How to book a target

Targets are booked online at www.nra.org.uk and follow the link to **How to book a target**.

How to book a walk in target

These can be booked from the Range Office on the day.

You will need to produce your Shooter Certification (SCC) Card and membership card when you pay for the target.

Start, finish and emergencies sirens

One long blast on the siren is to signal the start of shooting to ROs.

Two blasts signal the end of shooting.

Four blasts signal an emergency.

Inform the staff that you have arrived

They will then confirm your target number and issue you with a radio if necessary. They will brief you on any relevant safety points that may affect you.

Range allocation will be displayed in the Pavilion.

Complete the relevant booking-in sheet

YELLOW: If shooting on the rifle ranges.

BLUE: Short Siberia.

PINK: If shooting on the pistol ranges.

Your signature confirms that, as the responsible RO, you understand, agree to comply with, and will enforce, the range regulations.

After you have finished shooting

You will need to sign off on the booking sheet, record rounds fired and return your radio.

You can complete your attendance record on the computer in the Range Office or from home via the membership portal.

RADIOS

These are collected from the Range Office at the time of signing in.

CHANNEL 16 (or the highest channel) on any radio will communicate with Range Control, which is used as an EMERGENCY channel.

CHANNEL 1 will communicate to the butts.

- When speaking on the radio press the button on the side of the radio, pause then speak.
- Call the person you wish to speak to and identify yourself. Then wait for a reply.
- Once you have received a reply pass your message.

Example:

"Hello Control this is target number 27 on Century"

"This is Control go ahead target 27"

"Target 27 what time does shooting finish today?"

"Control at 4.30pm"

RADIO CODE MESSAGES

Range Officers will use the following code messages when communicating with the butts by radio.

The target number will be given, followed by the message number:

- 0 Raise sighting targets (usually 5's and 0's).**
- 1 Raise target, firing about to commence.**
- 2 No spotting disc visible.**
- 3 Spotting disc disagrees with score board.**
- 4 A shot has been fired but no signal made. Examine target.**
- 5 Firer has challenged for a higher score. Examine target.**
- 6 Suspected second shot on target.**
- 7 A miss has been signalled but firer has challenged for a shot. Examine target.**
- 8 The spotting disc appears to not have moved. Confirm spotting disc is in the latest shot hole.**
- 9 Marking appears to be very slow.**
- 10 Stand easy (take a break) – half mast target (could mean finished for the shift).**
- 11 Blow off shots about to be fired. Ensure targets are lowered.**
- 12 Stand easy (take a break) – lower target, patch out, place back up.**
