

# TRAFALGAR MEETING

## 21-22 October 2017

We look forward to welcoming you to Bisley for this prestigious event for Classic and Historic firearms.

### INSTRUCTIONS

- Please print your name and permanent competitor number (GRID), if known, at the top of each page.
- List your events in order of preference in the **PREF** column.
- Put an X in the **DAY** box for the events you want to enter.
- As you can enter an event more than once with different firearms, please put the number of times you are entering an event in the **SAT** or **SUN** box for those you want to enter.
- Put the fee in the **ENTRY FEE** column and calculate the total.
- Entry discounts on offer:
  - Under 25 years - 40% discount
  - First entry to an NRA meeting at Bisley - 30% discount
  - Entry to 6 or more events - 10% discount
  - Entry to 12 or more events – 20% discount
- Special requests: please attach a separate note for squadding and send the entry forms and the note together.
- Complete page 2, sign and date the declaration and return the form and your payment:
- You can email the form to [mark.haigh@nra.org.uk](mailto:mark.haigh@nra.org.uk), post it to the below address or fax it to 01483 797285  
Payment can be made via BACs transfer, Cheque or Credit/Debit card

**Trafalgar Meeting 2017  
National Rifle Association  
Brookwood  
Surrey GU24 0PB**

**Closing Date for Entries: Midday on Wednesday 18 October 2017**

Entries will be accepted on the weekend, however will not benefit from advanced squadding and will be subject to availability.

- The event conditions and courses of fire can be downloaded from the NRA website.
- It is a condition of entry that all competitors are expected to support the Meeting by assisting as requested eg re-facing targets and acting as safety supervisors.
- Entry fees will be refunded, less an administration fee of £5 if written notice of cancellation is received at the NRA one week prior to the meeting.
- Results will be posted onto the website. A paper copy can be posted if you enclose a large SAE with £2 postage.
- All squadding will be emailed out in advance of the meeting. A paper copy can be posted if you enclose a standard size SAE with a first or second class stamp.

### Volunteers and ROs

To run a successful Trafalgar Meeting we need your help. If you are able to offer time, please complete the online form at <https://tinyurl.com/trf17ro> - an RCO qualification is NOT necessary to act as volunteer RO. Benefits include mileage repayment, accommodation and meals.

**MEETING SAFETY RULE: All competitors are required to wear hearing and eye protection (unless otherwise stated in individual event conditions). The NRA will not be liable for any injury sustained through lack of appropriate protection.**

*The NRA reserves the right to refuse entry*

## COMPETITION RULES 2017

**(Spring Action Weekend Classics, Imperial Historic Arms Meeting & Trafalgar Meeting)**

**Entirely  
“In The Spirit of the Original”**

### Rules & Conditions

Please note and comply with the following rules & conditions concerning the conduct of the Meeting. Competitors must have knowledge and comply with the general rules of the NRA set out in the NRA Handbook 2017 (Bisley Bible) which can be obtained from the NRA, or downloaded from the NRA website. The specific conditions, Targets, and Courses of Fire are set out in the Match List and they form part of the Rules of the Meeting.

<b>GUIDE TO DATELINE &amp; DESIGN PERIODS</b>		
A firearm may always be used in a match for a later period unless disallowed in the Match List		
PERIOD	DATELINE	EXAMPLE
Muzzle Loading	Pre 1874 Flintlock & percussion	Matches 100 - 118
Vintage*	Pre-1891 Black powder only	Matches 200 - 240
Classic	Pre-1919	Matches 400 - 472
Veteran	1919 – 1945	Matches 500 - 544
Historic / Open	Any pre-1961 design	Matches 600 - 669
Post Veteran	Post 1946-1960	Matches 710 - 719

\* **DEFINITION: VINTAGE** : “Any BL rifle 19th Century” pattern designed for black powder or semi smokeless powder, used with 100% black powder and with lead or lead alloy bullet (may be naked, grooved, with base plug, or paper patched, but NO gas checks or jacket)” Rifles in this class may, if proofed for nitro, be used in other classes for which they are eligible without restriction. But for all vintage matches, black powder must be used in all firearms even if the firearm is proved for nitro or is a modern reproduction.

**DISCIPLINE:** The Meeting is conducted “In Accordance With The Spirit of the Original” and NRA Range Orders & Rules (see NRA Handbook) and it is expected that competitors will conduct themselves in accordance with these.

Competitors at the Imperial Meeting may only collect their squadding cards on production of their Shooter’s Certification Card. In the case of overseas competitors the relevant certificate must have been signed by their own National Governing Body (please see the article on the NRA website for full details).

## COMPETITION RULES 2017

**DISABILITY:**

Any competitor who requires dispensation from any rule on the grounds of disability, infirmity, or ill health is invited to apply before taking part in the meeting.

**PROTESTS:** You will be asked to sign for any query satisfactorily resolved on the Range by the Range Officer or Wing Officer.

**AMMUNITION: DANGEROUS LOADS:** Please see NRA Handbook 2017, Appendix V & VI for advice concerning Dangerous Loads.

**SLINGS:** Permitted where specifically stated in the Match rules, eg. "as issued" (or if a Service arm equipped to accept a sling) and must be of original pattern and if on Service arms, fixed to both sling swivels. Detaching from one swivel to form a "single point" sling is forbidden, except for NRA Service Rifle (b) and 7.62mm First Generation classes.

When using the American pattern sling as fitted to the Enfield No.4T sniper rifle and others, the arm may NOT be placed between the split elements when competing in iron sight Service Rifle matches.

In Target Rifle events the use of a sling is assumed. For example, SR(b) /transitional etc. Conditions of free rifle events are free so slings are allowed.

Where a sling is allowed a single button or hook may be worn on the sleeve to prevent the sling slipping down. Where support is allowed, this must be a traditional sandbag, webbing, rolled clothing or similar soft material.

**SHOOTING JACKETS, ELBOW /SHOULDER PADS, GLOVES ETC:** Must comply with NRA Rule 203; no adjustable straps etc may be used to give undue support. See also rule 132. For Service Rifle Matches supportive shooting jackets must be worn **unfastened**.

Outer Clothing, with due respect to the state of the weather, may be of modern fashion and materials but must also be "in the Spirit of the Original" ie a conventional jacket or coat.

**GLOVES:** A shooting Glove of conventional design may be worn. The glove may not extend more than 2" (50mm) above the wrist and must be flexible. Local protection may be worn eg thumb stall to prevent "loaders thumb" in the rapid matches.

**OPTICAL AIDS:** Spectacles or a lens, *including* those of the "Knobloch" type and contact lenses, may be worn provided that if a lens is incorporated in an aperture sight any combination of lenses must be of a similar prescription to that the competitor would wear in everyday use (rule 206).

**Orthoptics** (any iris device mounted on spectacles or item of dress) are permitted in all matches.

**SLIP ON RECOIL PADS/BUTT EXTENDERS:** May be used, if "In The Spirit": May not give any other advantage eg also act as a cheek piece. This rule has been introduced to prevent the unnecessary alteration of historic firearms to suit the individual shooter.

## COMPETITION RULES 2017

### SAFETY PROCEDURES

**LOADING:** No round may be placed on the loading platform, or in the firearm, or a loaded magazine attached, or fired, until authorised to do so by the RCO. The bolt must not be closed or opened on a live round if the barrel is elevated more than 70 mils (about 4°).

**AFTER UNLOADING:** ALL FIREARMS MUST BE CHECKED AS CLEAR BY THE REGISTER KEEPER BEFORE LEAVING THE FIRING POINT.

Off the firing point all firearms must be either be:

- 1 Cased
- 2 With Bolt or Breech Block removed (where possible also with breech flag inserted) 3  
With Action open and Breech Flag inserted

The stem of the Breech Flag must be of sufficient length to fill the chamber.

**GALLERY RIFLES FITTED WITH TUBULAR MAGAZINES:** PARTICULAR CARE MUST BE TAKEN TO ENSURE THAT THE MAGAZINE TUBE IS EMPTY at the end of each series. (It is very difficult to see the magazine follower in some models). Additional Range Commands may be employed to assist with this.

**MALFUNCTIONS & MISFIRES:** For ANY malfunction: keep firearm pointing at target, raise free hand and wait for RO's instructions. IN ANY CASE DO NOT OPEN THE ACTION FOR AT LEAST 30 Seconds. FOR BLACK POWDER. WAIT 1 MINUTE.

For Malfunctions & misfires the shot will be allowed with replacement rounds as required: Snaps, Doubles & Rapid Fire Matches the RO will give a free re-shoot subject to time & space.

**OPTICAL SIGHTS:** Are permitted only where specifically mentioned in the Conditions: these include telescopes and tube sights with lenses. The **MOUNTS** ideally should be of contemporary pattern but modern mounts admitting no advantage will be permitted except in Sniping Rifle.

**GALLERY LOADS** - Sporting Rifles and Gallery Rifles:

Gallery Loads used in true fullbore rifle cases (downloading) are NOT permitted.

If you intend to use an auxiliary cartridge (calibre adapter) please obtain approval from the RCO *before* the detail starts *CF calibre reducing adapters (such as the Marble) in high power rifles WILL be accepted provided that normal pistol velocities and muzzle-energies are not exceeded. Examples .45" Colt in .577/.450"; .32" acp in .303".*
