Moving Between Positions

When moving from kneeling to standing position the gun must be empty and open.

Reloading

After the initial order to load, all further loading must be with rounds taken from the competitor's pocket, cartridge belt, mechanical loader, special pouch or elsewhere on the competitor's person. Event Specific Range Equipment

A barricade will be provided for each competitor for the standing supported position at 25 metres. It should be a wooden post, square or rectangular in section, fixed on the firing line and sufficiently strong to remain immobile. It should, ideally, be at least 100mm square and two metres in height.

Where practical, a foot fault line approximately 1m long and equal in width to the post should be marked at the rear of the post at 90 degrees to the firing line.

Procedural Positions - Event Specific

In addition to the usual procedural penalties, the following apply in this event:

- a. Firing any shot which is not strong-hand-only in Stage 1.
- b. Moving from kneeling to standing with a closed firearm.
- b. Allowing part of an LBR or LBP to make contact with the barricade when firing.
- c. Touching any part of the barrel of an LPB and LBR with either the firing hand or supporting hand when using the barricade.
- d. When using the barricade, allowing any part of a foot or knee to extend over the outside edge of the foot fault line extending to the rear of the barricade.
