

2025 v1 Handbook P107 The Grand

Time: 60 mins **Distances:** 25 & 50m

Range Commands – see back for Course of Fire

“SHOOTERS TO THE LINE”.... **“UNBAG AND SHOW CLEAR”** – ROs check each firearm is clear. This should be done at the 25m line.

Then, for each Practice / Stage:-

- CRO reads out the Course of Fire and checks understanding.
- **“ADOPT THE xxxxxx POSITION”** (where xxxxxx depends on the Practice/Stage); this may be omitted when the shooting position is Standing.
- **“CHECK AND ADJUST”** – shooters may check their firearms and adjust their sights.
- Having checked that the range is clear and shooters appear ready, the CRO commands **“WITH TEN ROUNDS, LOAD & MAKE READY”**. Having given time to load and make ready, the CRO commands **“ARE YOU READY?”**. Silence will be taken as agreement – any competitor who is not ready may raise one arm, after which the CRO will confirm **“NOT READY CALLED”** and repeat until silence.
- **“STAND BY”** Targets turn away and face after 5 seconds or, where targets do not turn, a whistle may be blown (or other audible signal made) to signal shooting may begin.
- When the targets turn away or the whistle is blown, firing must cease immediately. CRO will command **“UNLOAD AND SHOW CLEAR”**.
- Once each firearm is confirmed clear it must be bagged or holstered.
- When all ROs have reported clear, the CRO will command **“RANGE IS SAFE”** and give permission to go forward in order to score and replace targets as necessary. Competitors must not start picking up their gear until this command is given.
- Once scoring and refacing has been completed for Practice 3 and all competitors have returned to the 25m line, the RO will command **“PICK UP YOUR FIREARMS AND EQUIPMENT AND MOVE TO THE 50m LINE”**. Supervise the move. When all competitors are at their 50m firing points and the range is clear: **“UNBAG”**.
- **“STOP, STOP, STOP”** – On hearing this command all competitors must cease shooting immediately and keep the gun pointing in a safe direction, keep their finger away from the trigger and wait for further instructions (note that anyone on the range can, and should, call “STOP, STOP, STOP” if they become aware of any potential safety issue.

It should ideally be at least 100mm square and two metres in height, with a foot fault line extending backwards from the post, the width of the post.

Scoring will take place at the end of each Practice. In addition to the general rules, in Practices 3 and 6 each shot not on a diamond (i.e. fully in the white or missing altogether) and each shot in excess of 4 on any one diamond score -10 rather than scoring zero.
