

Booking Targets

NRA Bisley Range Bookings will only be accepted via the online booking system.

In making a booking and accepting these Terms and Conditions the booker is agreeing to abide by NRA Bisley Range Regulations and is responsible for ensuring that all personnel attending and shooting at Bisley are qualified and entitled to do so. The booker is absolved of responsibility when the RO signs on to the range when he/she assumes responsibility for the day.

Club bookings, additional bookings and amendments to existing bookings will only be accepted online from an authorised person. The club secretary is normally the nominated person, however additional club officials may be nominated in writing.

Short notice reductions in the number of lanes booked can have a significant effect on the lay down of the range and disadvantage other users. Short notice reductions are monitored by the NRA and persistent offenders will be subject to a more stringent cancellation policy. Persistent offenders will ultimately be allocated lanes based upon historical usage.

For all bookings, personal e-mail addresses are the normal log in username.

Cancellation Policy

During the Low Season (1 Jan – 28 Mar & 26 Oct – 31 Dec) and weekdays, bookings cancelled by members/clubs with 3 or more days' notice, before the shooting date, will not be charged. Bookings cancelled by members/clubs with 2 or less days' notice, before the shooting date, will be charged at the full rate.

During High Season Weekends (29 Mar – 25 Oct), bookings cancelled by members/clubs with 4 or more days' notice, before the shooting weekend, will not be charged. Bookings cancelled by members/clubs with 3 or less days' notice, before the shooting weekend, will be charged at the full rate.

If the NRA cancels a booking or delays the commencement of shooting for any reason including inclement weather:

- There will be no refund or discount for delays, or cease fires, of less than one hour.
- If the delay is greater than one hour a 50% refund will apply.
- If shooting is cancelled for the complete session the member/club will be offered a replacement booking at no charge.
- Marker charges will apply under all conditions

Acceptance and Amendment of Bookings

The ability of the NRA staff to make short notice changes to the range layout is limited therefore:

During the Low Season - Range bookings for the coming weekend will be accepted until the evening of the preceding Thursday.

During the High Season - Range bookings for the coming weekend will be accepted until the evening of the preceding Tuesday.

Bookings received after these times will be accepted but will be allocated a standard lane and standard NRA target face. The club/member will normally be required to shoot from the prone position.

Target Markers

The NRA does not guarantee the availability of markers or the standard of target marking.

When faced with a marker shortage Stickledown range and major competitions will take priority. All clubs should be prepared to self-mark as necessary.

Markers that are booked and subsequently cancelled will be charged unless there is sufficient notice to cancel the marker or reallocate.

Payment

Unless previously arranged in writing, all clubs/individuals must make payment prior to shooting.

Eligible Range Users

Only NRA individual members, members of NRA affiliated clubs shooting on club days, those that have paid for meeting membership and those involved in guest/corporate days may shoot at Bisley.

Certificates of Competency

All users of Bisley Ranges must be in possession of a valid certificate of competency, which must be produced when signing in.

Shooting will not be permitted by anyone that, upon request, cannot produce a Shooter Certification Card with the exception of probationary members under training who must be under direct, one to one, supervision of a member certified competent.

Corporate Bookings

If your booking is for a corporate (income generating) day then we must be informed at the time of booking. Special conditions and charges apply.

Firing positions

For safety reasons, firing from benches or in positions other than prone (or supine for MR shooters) is by prior arrangement only.

Use of the fixed benches may not be possible on some dates.

Muzzle Brakes

The Range Office must be informed if a muzzle brake is to be used. There will be a 50% surcharge for the use of muzzle brakes due to the safety space required.

Please note that the range laydown and availability of a safety lane may restrict the use of muzzle brakes.

Radios

Radios are to be returned to the Range Office with 15 minutes of the cessation of shooting.

Failure to return handsets promptly will incur an administration fee.

The cost of any lost radios will be recovered from the club/individual concerned.

During busy periods radios may have to be shared between bookings at the sole discretion of the Range Office.

Damage to Range Infrastructure and Electronic Targetry

You will be held liable for any damage to range infrastructure and any damage to targetry electronic components. The full cost of any such damage will be charge to the club/individual. If you fail to make payment, you will be responsible for meeting any claims (including legal costs) subsequently made against us as a result of your actions together with all costs we incur in pursuing and claim against you,

Personal Equipment

Personal items brought onto the National Shooting Centre Site (NSC) including car parks or grounds are brought in at your own risk. The NSC shall not be held responsible for the damage or loss of any property owned by the Client of anyone connected to the Client's event at the NSC, whether the items were left before, during or following the activity.

Marksman's Calendar

Clubs are requested to inform:

- the Membership Department of dates to be included in the Marksman's Calendar.
- the range office of major events to ensure that they are plotted well in advance, this will normally be achieved at the annual booking conference that is convened in October/November each year
