We respectfully ask that you maintain social distancing at all times, and practice regular hand hygiene throughout your time on site.

**If you start experiencing symptoms during the Meeting you must:**

**Any changes to Covid-Secure Procedures will be publicised via Notice Boards, CRO announcements and email to competitors**

One detail will shoot, one detail will act as Safety Supervisors at least 2m behind the firer; the remaining two details will mark targets, maintaining social distancing and using face coverings as required. Details are not to congregate
- Competitors and spectators must adhere to '1m plus' social distancing at all times, including waiting details behind the firing point

- If a competitor requires the attention of a Range Officer they must raise their hand and wait – NO CALLING OR SHOUTING IS PERMITTED

### **Firing Point Safety:**

- Competitors will be responsible for declaring their own firearm is clear. On completion of a Practice or Match, and after any protests have been dealt with, the RCO will order “Unload and Show Clear”. Competitors will unload and then must perform a three-point visual check to confirm **no** rounds are present:
    - On the face of the bolt
    - In the chamber
    - In the magazine housing
- Once verified clear, with bolts open, rifles parallel to the ground and pointing at the stop butt, competitors are to raise a hand. The RCO will then order “Clear. Ease springs and insert flags”. Competitors are to close the bolt and fire off the action, before inserting a breech flag / magazine block
- Safety Supervisors must watch the firer for correct drills during the ‘Unload and Show Clear’ procedure. If a Safety Supervisor observes an incorrect action, they must verbally intervene and raise a hand to draw the attention of the RCO
  - The bolt must be removed and / or a breech flag inserted before leaving the firing point
  - When conducting a ‘**Make Safe**’, competitors are to unload, clear the rifle using the three-point check, then close the bolt and fire off the action. Safety Supervisors are to verify the unload has been carried out correctly from a minimum of 1m, before permitting the competitor to load on an empty chamber

### **Butts Safety / Marking:**

- Two persons may operate and mark a target from the waiting details. Competitor markers must sanitise their hands before and after their Butts duty – sanitiser will be available on each butt
- When changing over Butts / Firing Point, all competitors must observe social distancing and are recommended to wear face coverings
- When installing Triple Fig 11 targets (1.4m width), competitor markers are to work in pairs, supporting the targets at each end to maintain social distance
- Patches / spotting discs will be issued by Butts Wing Officers from a central position on each Butt. Wing Officers must use face coverings during this process – PPE will be issued including nitrile-based gloves

### **Recording Scores:**

- On completion of a Practice or Detail, competitors are to remain on the Firing Point to receive their scores
- Butts Wing Officers should walk outside the Marker’s Gallery close to the target frames to ensure separation from markers while radioing scores to the FP
- FP Wing Officers should use the rear of the FP while recording scores
- **Scoring the Urban Match:**
  - Blank score cards will be available on range. Safety Supervisors will collect a blank card and complete the name, class and Index number of the competitor they will supervise, and retain the card
  - On completion of the match, Safety Supervisors will approach the targets, call out values / hits and record the score. Competitors must remain at least 2m behind the target area. Any challenges will be dealt with by the CRO
  - On completion of scoring, the Safety Supervisor will return to the 100 yds FP and deposit the completed score card into the box provided. The competitor is to move forward and patch and repair their targets

### **Range Officers / Firing Point / Butts Wing Officers (ROs / WOs):**

- ROs / WOs will be supplied with PPE for use while taking and receiving scores, or to aid a competitor
