- CRO reads out the Course of Fire and checks understanding
- **“CHECK AND ADJUST”** – shooters may check their firearms and adjust their sights onto the target
- Having checked that the range is clear and shooters appear ready, the CRO commands **“LOAD AND MAKE READY”**. Having given time to load and make ready, the CRO commands **“ARE YOU READY?”** Silence will be taken as agreement – any competitor who is not ready may raise one arm, after which the CRO will confirm **“NOT READY CALLED”** and repeat until silence.
- **“STAND BY”** Targets turn away and face after 5 seconds, or where the targets do not turn, a whistle may be blown (or other audible signal made) to signal shooting may begin.
- When the targets turn away or the whistle is blown, firing must cease immediately. CRO will command **“UNLOAD AND SHOW CLEAR”**.
- When all ROs have reported clear, the CRO will command **“RANGE IS CLEAR”** and give permission to ROs and Competitors to go forward in order to score and replace targets as necessary. Competitors must not start picking up their gear until this command is given.
- **“STOP, STOP, STOP”** – On hearing this command all competitors must cease shooting immediately and keep the gun pointing in a safe direction, keep their finger away from the trigger and wait for further instructions (note that anyone on the range can, and should, call “STOP, STOP, STOP” if they become aware of any potential safety issue.
