CRO will command “UNLOAD AND SHOW CLEAR”. • When all ROs have reported clear, the CRO will command “RANGE IS CLEAR” and give permission to ROs and Competitors to go forward in order to score and replace targets as necessary. Competitors must not start picking up their gear until this command is given. • “STOP, STOP, STOP” – On hearing this command all competitors must cease shooting immediately and keep the gun pointing in a safe direction, keep their finger away from the trigger and wait for further instructions (note that anyone on the range can, and should, call “STOP, STOP, STOP” if they become aware of any potential safety issue. 								
Notes:								
<ol style="list-style-type: none"> 1. This event requires two lanes per shooter. The target for Practice 1 is mounted on the left target frame; the targets for Practices 2 and 3 are mounted side-by-side on the right target frame. 2. The target boards for this event should be correx or card, NOT plywood (ricochet danger). Previous targets should be removed before each practice to ensure pellets fully penetrate the current target. 3. Given the need to move forwards between practices, at the end of each practice, after firearms are cleared, the RO gives the commands: “BAG OR HOLSTER YOUR PISTOLS.” Wait until all ready. “PICK UP YOUR GUNS AND EQUIPMENT AND, AS A LINE, ADVANCE TO THE 10/7m LINE” Check for stragglers and that firearms remain bagged or holstered until the command to “UNBAG – CHECK AND ADJUST” is given (no need to clear). 4. All three targets are scored at the end.
