At the end of Practice 4, shooters are instructed to return to the 25m firing point. They must remain muzzle up or holstered and not bag their firearms until the RO instructs them to do so.				Range Commands				
			<ul style="list-style-type: none"> • “SHOOTERS TO THE LINE”.... “UNBAG AND SHOW CLEAR” – ROs check each firearm is clear • CRO reads out the Course of Fire and checks understanding • “CHECK AND ADJUST” – shooters may check their firearms and adjust their sights onto the target • Having checked that the range is clear and shooters appear ready, the CRO commands “WITH SIX ROUNDS, LOAD AND MAKE READY”. Having given time to load and make ready, the CRO commands “ARE YOU READY?” Silence will be taken as agreement – any competitor who is not ready may raise one arm, after which the CRO will confirm “NOT READY CALLED” and repeat until silence. • “STAND BY” Targets turn away and face after 5 seconds, or where the targets do not turn, a whistle may be blown (or other audible signal made) to signal shooting may begin. • When the targets turn away or the whistle is blown, firing must cease immediately. CRO will command “UNLOAD AND SHOW CLEAR”. • When all ROs have reported clear, the CRO will command “RANGE IS CLEAR” and give permission to ROs and Competitors to go forward in order to score and replace targets as necessary. Competitors must not start picking up their gear until this command is given. • “STOP, STOP, STOP” – On hearing this command all competitors must cease shooting immediately and keep the gun pointing in a safe direction, keep their finger away from the trigger and wait for further instructions (note that anyone on the range can, and should, call “STOP, STOP, STOP” if they become aware of any potential safety issue. 					

These notes should be read in conjunction with the Handbook and do not replace the need to be familiar with the Handbook. The Handbook will take precedence.

- When stationary on the range the muzzles of all firearms being held must be pointed downrange in a safe direction.
- The handbook should be referred to for specific instructions for moving around the range during an event under the control of an RO and moving around the range when not on the firing point. (See HB A3.2.6 P17)
- ROs will provide specific instructions for moving between positions. This will either be at the start of a practice, when the firearm will be loaded, but not made ready, or during a practice when the firearm must be clear and the action open. (See HB B6.2 P33)

Overlay Gauges:

(See HB B8.5 P36)

- A shot may be gauged in, if the black circle of the same calibre touches or goes over the edge of the scoring ring.
- Late shots, as indicated by an extended hole in the target may count, if the hole is not larger than 1.5 times the normal size. Some overlay gauges have an outside band to indicate this.
