Notes:											
<p>This is a complex event and it is essential that the CRO reads out the course of fire immediately before each practice and checks competitor understanding.</p> <p>After the initial order to load for Practice 1, all further loading must be with rounds taken from the competitor's pocket, cartridge belt, mechanical loader, special pouch or elsewhere on the competitor's person. Back-to-back magazines are permitted, as are rounds in pouches, etc. on the firearm. It is the competitor's responsibility to have sufficient ammunition in their possession to complete the whole event. A dropped round, magazine, moonclip or speedloader may not be retrieved.</p>											

These notes should be read in conjunction with the Handbook and do not replace the need to be familiar with the Handbook. The Handbook will take precedence.

**Role of Chief Range Officer (CRO):**

(See HB B2.3 P28)

- Assigned by MD to a range.
- Responsible for safety, discipline and efficiency.
- Responsible for all RO's and ensuring they are familiar with relevant rules and conditions, especially for events being run.
- Must be constantly alert, impartial and courteous, but firm/clear.
- Deal with challenges, protests or disciplinary issues calmly and quietly at the firing line, or by taking a competitor to one side. Any disturbance or involvement of other competitors to be avoided.

**Range Safety:**

(See HB A3.2 P16-18)

- At Bisley, for the SAW, Phoenix, Nationals and AAW, eye and ear protection is mandatory in the vicinity of the firing line. This is good practice on any range. Be a role model.
- All firearms must remain boxed/cased until RO permission to remove given.
- No competitor must touch an unboxed/uncased firearm except under RO supervision and no competitor may load a firearm until ordered to do so by an RO on the firing point.
- When stationary on the range the muzzles of all firearms being held must be pointed downrange in a safe direction.
- The handbook should be referred to for specific instructions for moving around the range during an event under the control of an RO and moving around the range when not on the firing point. (See HB A3.2.6 P17)
- ROs will provide specific instructions for moving between positions. This will either be at the start of a practice, when the firearm will be loaded, but not made ready, or during a practice when the firearm must be clear and the action open. (See HB B6.2 P33)

**Overlay Gauges:**

(See HB B8.5 P36)

- A shot may be gauged in, if the black circle of the same calibre touches or goes over the edge of the scoring ring.
- Late shots, as indicated by an extended hole in the target may count, if the hole is not larger than 1.5 times the normal size. Some overlay gauges have an outside band to indicate this.
- The competitor may appeal a scoring decision but must not touch the target prior to the appeal.

**Role of Range Officer (RO):**

(See HB B2.4 P29)
